Red Hat

Joint efforts by IBM and REACHA to increase outreach of SkillsBuild program for Building Professional, Technical, and Job-oriented skills for Learners.

BRIEF INTRODUCTION OF REACHA

Indian Non-Government Organization
headquartered in New Delhi, India.
Registered in 1992.

Website: <http://www.reacha.org>

- REACHA is a community-based Non-Government Organization (NGO) with a mission to deliver high impact to human development sectors like education, health, skilling of youth, women's empowerment etc.
- REACHA was conceptualized by a group of conscientious bureaucrats, technocrats, scientists and educationists who felt that it was necessary to create an institution that could 'reach-out' to the masses and enable them to empower themselves with knowledge, know-how and the will to bring about positive changes in their lives.
- REACHA's vision is to reach out to masses, be with them, hear from them about their needs, and thereupon develop and implement sustainable models of socio-economic growth and development, through a participatory process. Prime objective is local development in harmony with nature, and in alignment with aspirations of people.

REACHA'S ROLE IN IBM SKILLSBUILD

SELECTION AND PROGRAM EXECUTION PROCESS

A STEP-BY-STEP GUIDE

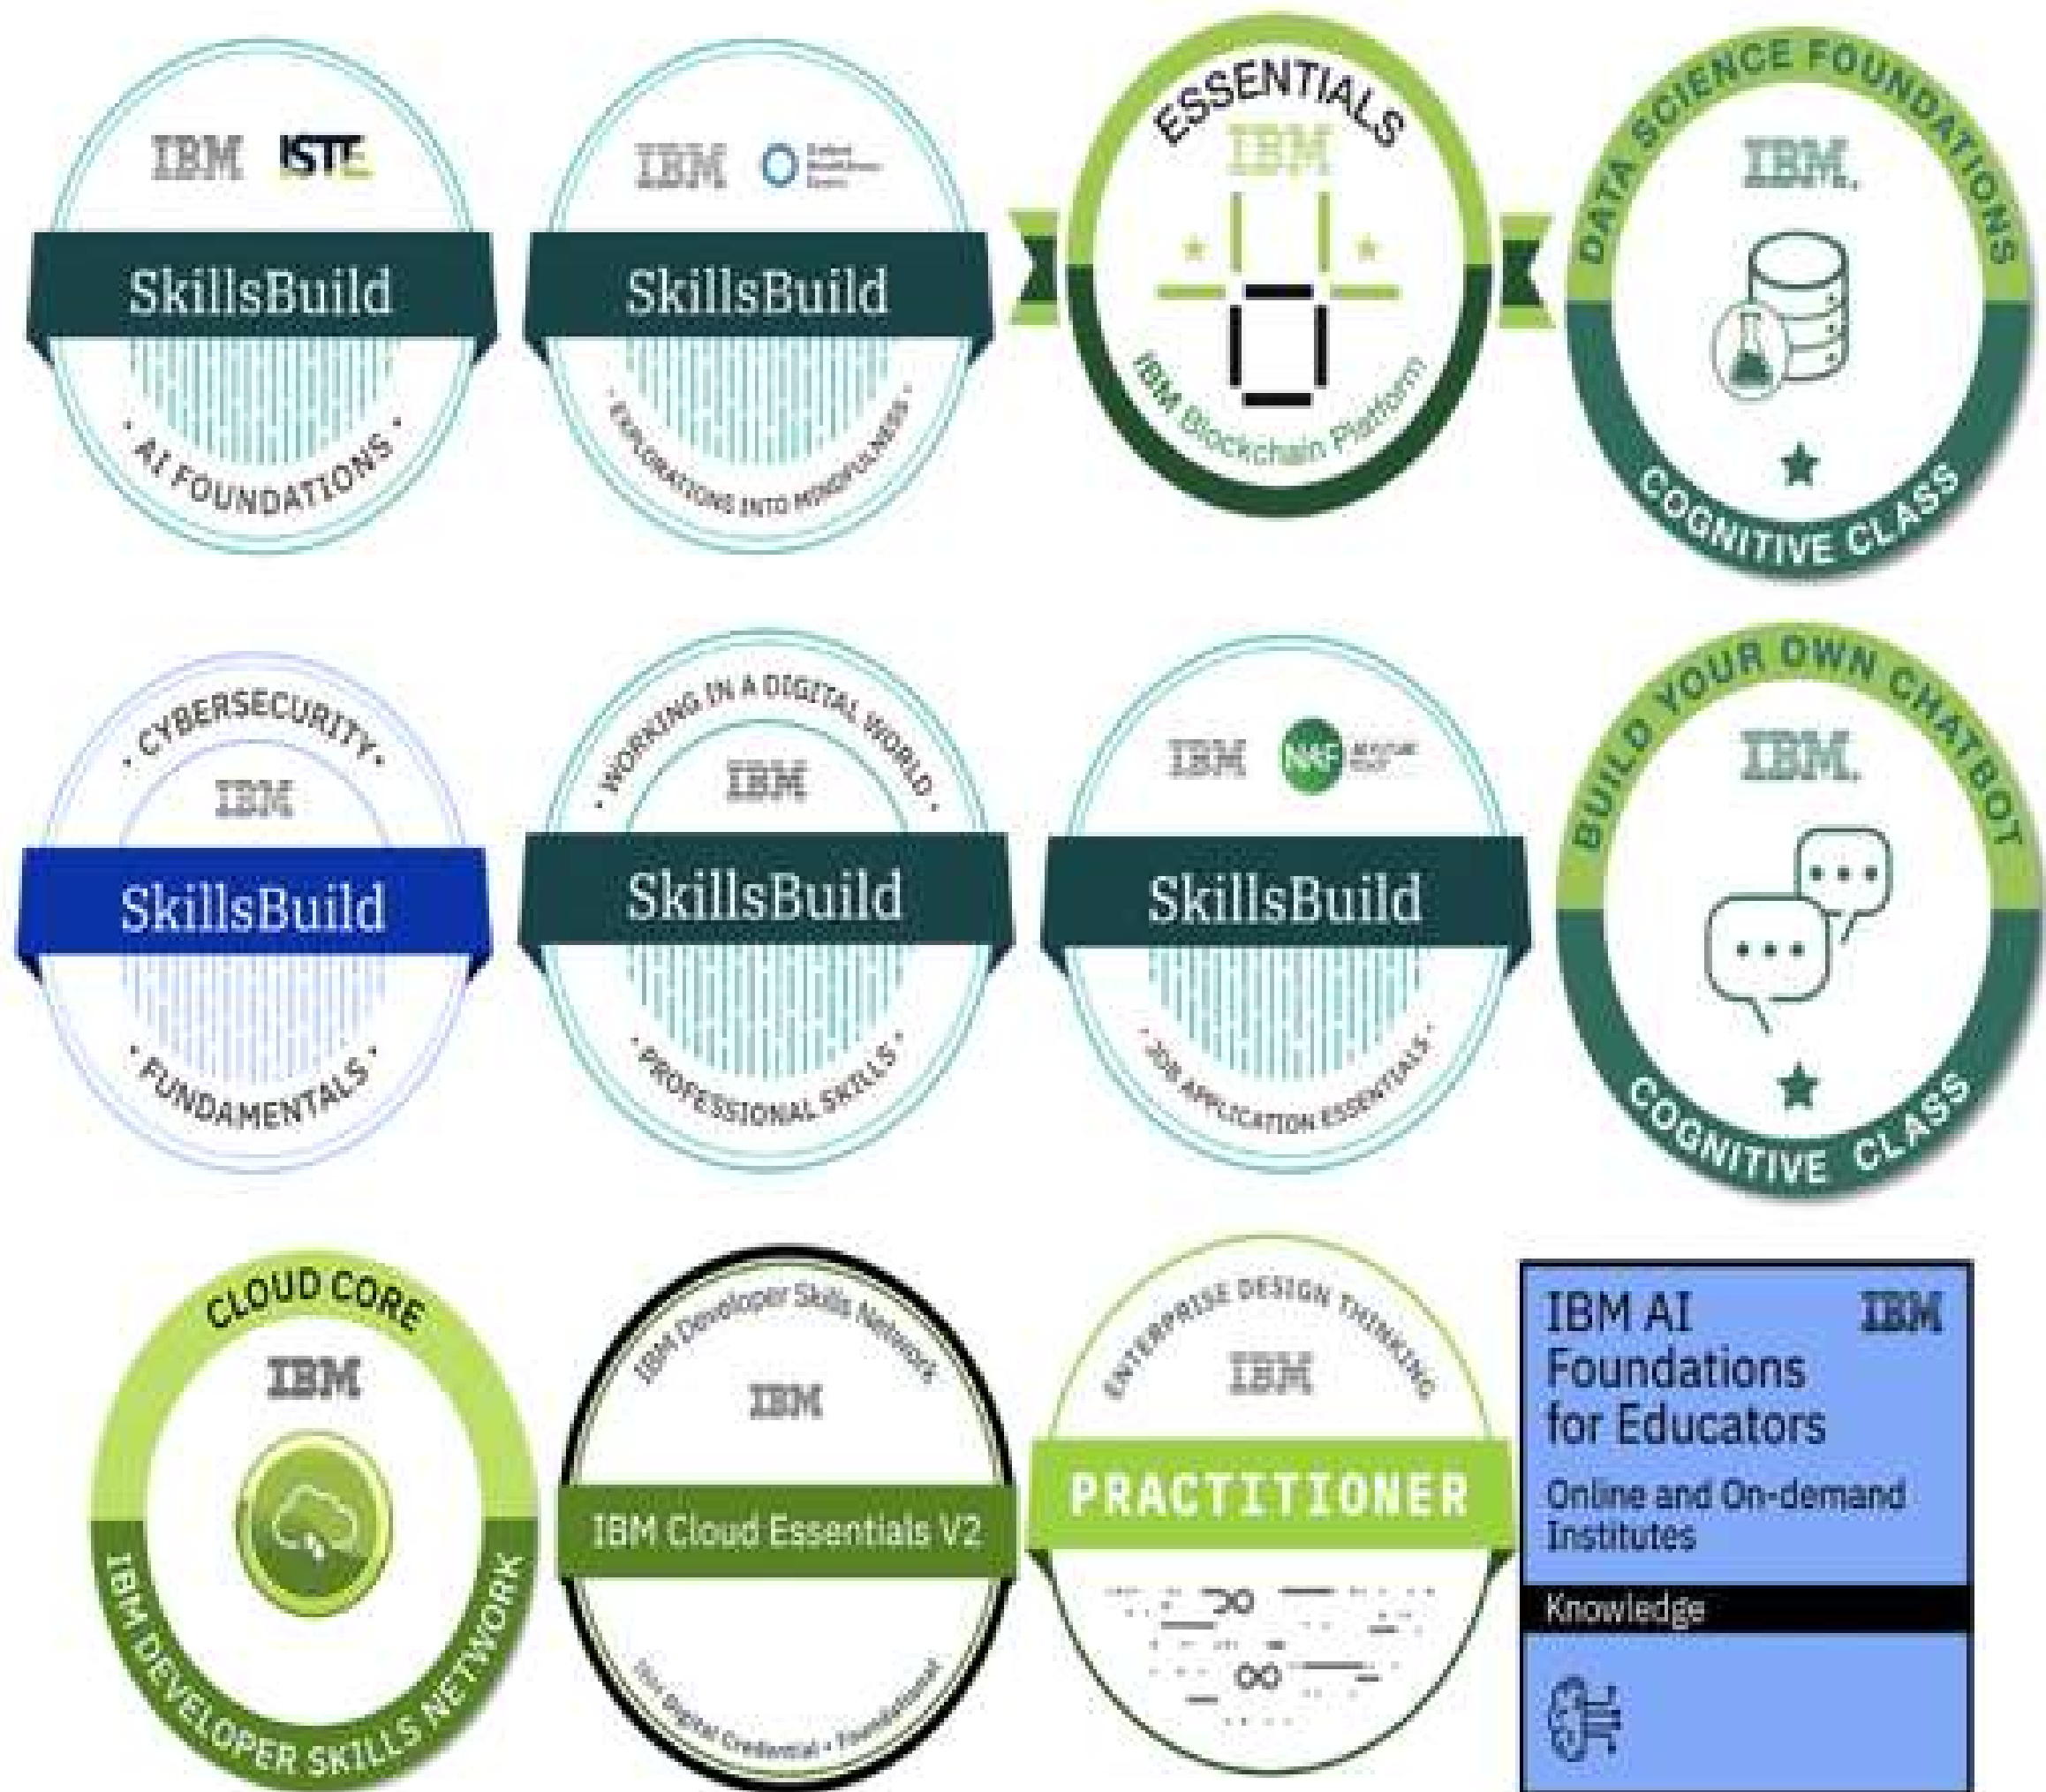

BENEFITS FOR COLLEGES / FACULTY & STUDENTS

- Alignment with new National Education Policy (NEP-2020)
- Gives better campus placement opportunities to students.
- College Branding
- Markets college value at no cost.
- No financial implication to college/ students (direct/ hidden)
- Further increases chances of getting quality freshers.
- Professional training to students.
- Brings current market technologies directly to students.
- Hands on experiences.
- Industry expert advice and counselling.
- Live project work under Project Based Learning.
- After completion of courses/Project Based Learning, Randstad and Jeevitam (IBM placement facilitation partner) will facilitate job opportunities to SkillsBuild learners.
- Better opportunities and increase in students' confidence.

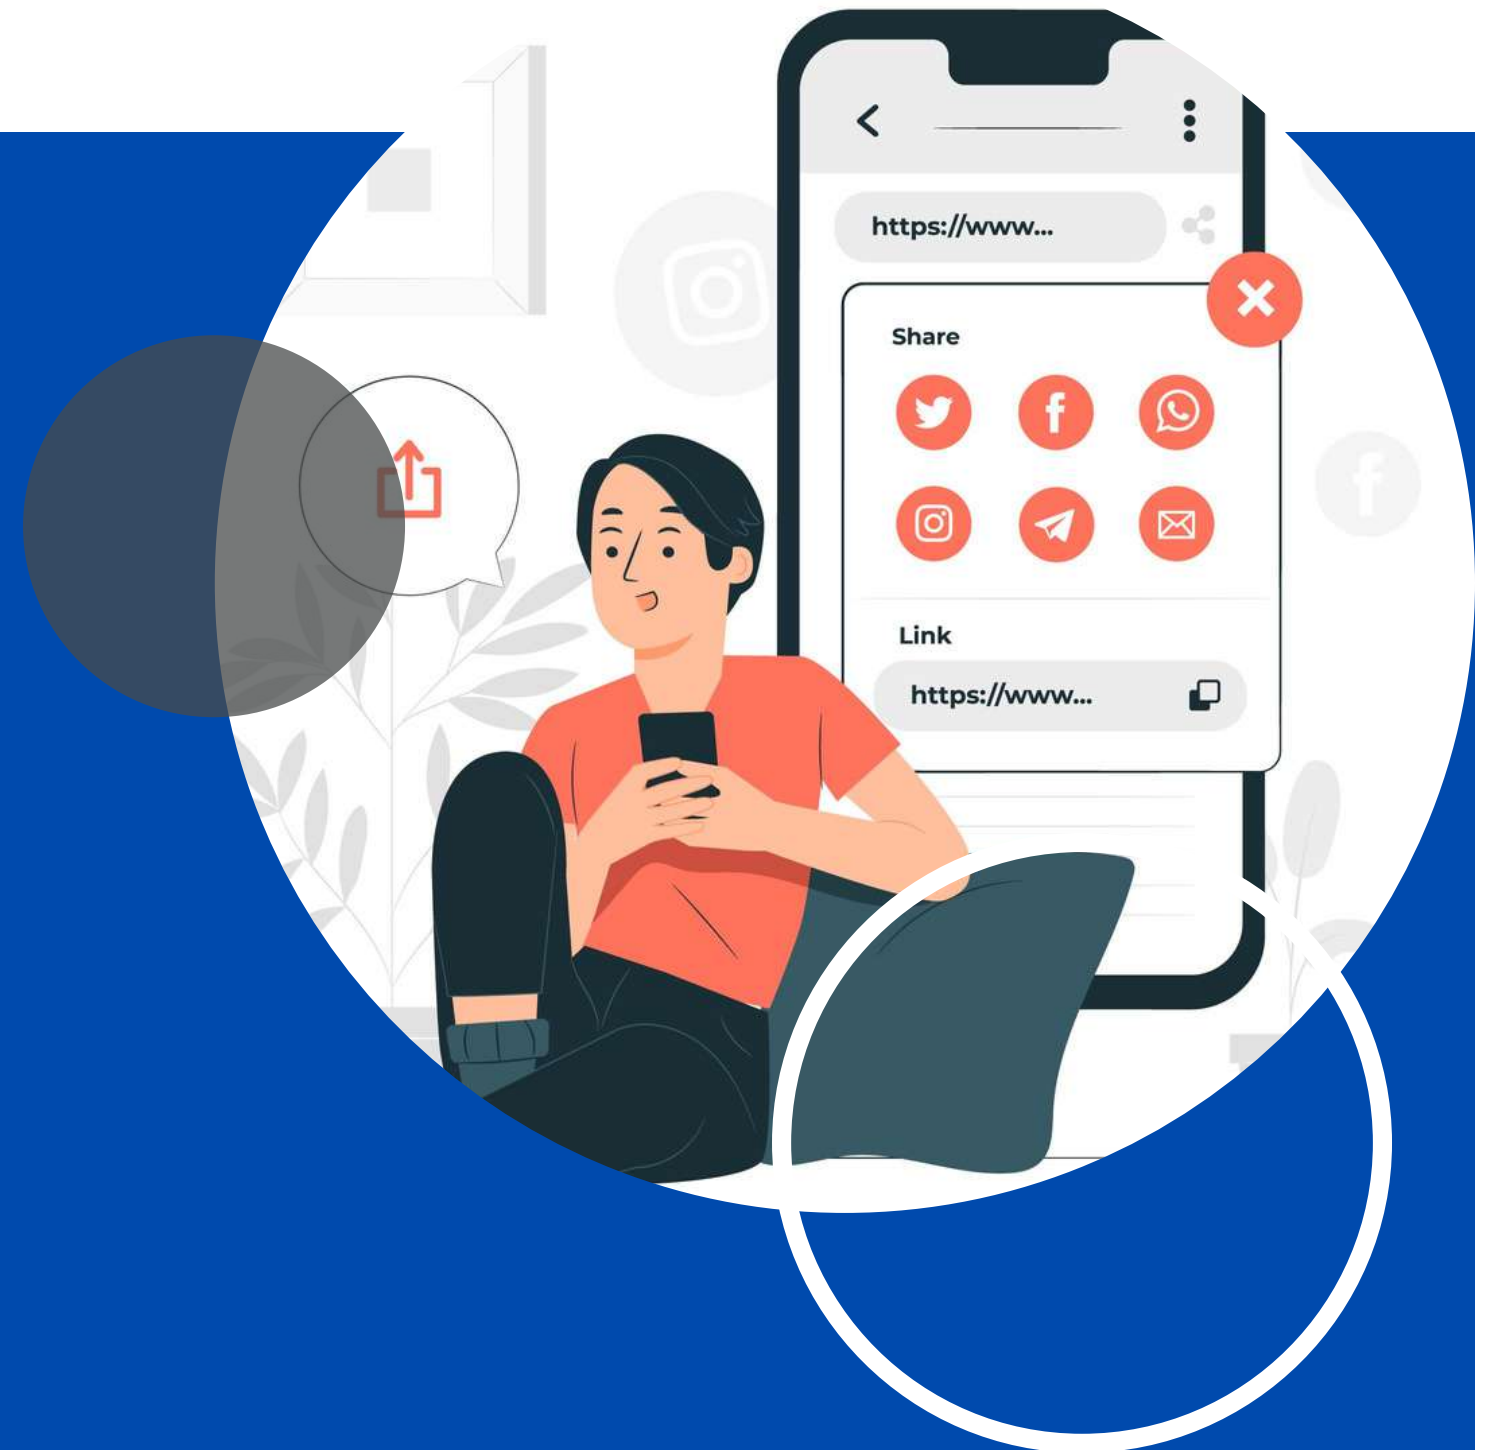

IBM BADGES

- A badge will be issued which is a digital representation of the learning outcomes, experiences or competency.
- Badges can be shared and verified online in a way that is easy and secure.

- Badge link can be shared across the Internet through digital mediums like LinkedIn, Facebook, Twitter, email and can be embedded in a website for maximum visibility and recognition.
- A viewer can click on your badge and will be taken back to the portal to view all the details of your achievement.
- Badges will help in sharing professional stories in a way that is complete and validated.

Steps to register-

- Provide required details to your college coordinator.
- In the next 7-10 days you will get an invitation mail with Registration button on the given Email ID.
- By clicking the registration button you will be able to register yourself on the portal.

Warning- Don't register on the portal without invitation email from SkillsBuild. If you don't receive email, please connect college coordinator first.

How to be ACTIVE on portal-

- After registration you need to login on the portal to complete at least one activity/course to be an ACTIVE member on the portal.
- If not ACTIVE on the portal within the next 30 days, your account will automatically move on to SkillsBuild open platform.
- Once you move on to the open platform, IBM partner will not be able to access your data and will not provide any further assistance.

IBM “CORE” COURSES AND ITS STILL GROWING LIST!
